Bar and server station: vendor list

Grouped by area of the bar, A to H. Plan at 1:25 on A3 (print at 100%), sizes in mm. From the Simplex model. Shop 4, Tulip Residency, Gandaulim, South Goa

Betalbatim pub · Simplex · Concept 27
singhgenics.github.io/Simplex/boq-bar.html

A CUSTOMER SIDE OF THE BAR

What guests see and sit at: the counter, the stools and the glass rack hanging above it.

1 Bar counter · 2,200 × 750 × 1,040
2 Bar stool, velvet high-back
3 Floating glass rack · 740 × 2,000

B DRAUGHT BEER (TAPS, KEGS AND CHILLER)

Everything for the 3 craft taps. The taps are on top of the counter; the kegs and chiller are inside the counter at the door end, behind two louvred doors.

4 Beer font with 3 taps · Ø 90 × 420 high
5 Keg cabinet · 1,100 × 630 × 900
6 Keg 20 L with coupler · Ø 240 × 420
7 Flash chiller · 500 × 420 × 570
8 Beer line, insulated
9 CO_2 cylinder with regulator and chain · Ø 150 × 670
10 Low CO_2 alarm

C BARTENDER WORK AREA (SINK, ICE WELL, SPEED RAIL, ICE MACHINE)

The stainless area behind the counter at the far end, where the bartender washes, scoops ice and keeps the speed-rail bottles.

11 Stainless work unit · 1,060 × 200 × 850
12 Bar sink · 380 long
13 Ice well · 380 long
14 Speed rail · 1,060 long
15 Ice machine, under-counter · 500 × 550 × 800
16 Water filter for the ice machine and the glasswasher

D BACK BAR (THE WALL BEHIND THE BARTENDER)

The long unit along the left wall: cabinets below, display shelves and an onyx panel above.

17 Back bar run · 2,650 × 400 × 960
18 Display shelves for whisky, gin and vodka · 1,000 × 250
19 Infusion jars with a glass shelf · 600 long × 220
20 Soju display and ON TAP board
21 Wall TV with bracket · 1,140 × 620
22 Neon sign "settle up here" and two red neon tubes · 900 × 200

E BUILT-IN SECTION (GLASSWASHER AND DRINKS COOLER)

A deeper stretch of the back bar opposite the bartender work area. The glasswasher and the cooler sit side by side in it.

23 Built-in cabinet for the glasswasher and cooler · 1,270 × 550 × 960
24 Under-counter glasswasher · 450 × 500 × 820
25 Glass-door drinks cooler · 700 × 520 × 860

F CASH AND POS

At the door end of the back bar, where bills are settled.

26 POS nook · 480 × 400 × 960 to 1,350
27 Cash drawer with small safe · 400 × 240

G SERVER STATION

On the left wall just past the back bar, two steps from the kitchen door.

28 Server station counter · 800 × 500 × 940
29 Wall shelf over the station · 800 × 300
30 Coffee batch brewer with 2 jugs
31 Water dispenser
32 Milk warmer

H SERVICES AND LOOSE ITEMS

Not a place on the plan: the power, water and drains the bar needs, the lighting, and things the bartender brings.

33 Power points
34 Water points with isolation valves
35 Drain points to the grey-water line
36 Warm LED strips and downlights
37 Bar smallware
38 Glassware

No tag on the plan: 16, 33, 34, 35, 36, 37, 38 (services, lighting and loose items, area H).

0 1000 2000 **PLAN 1:25 on A3, dimensions in mm**

How to read it: the coloured letter tabs A to G are the areas of the bar; the numbered circles are the items in the list. The left wall is at the left of the plan, the bar island to its right. Dashed: the glass rack above and the ice machine.

Vendor list (38 lines in 8 areas)

Area	Item and where it is	Size W × D × H (mm)	What it is / specification	Unit	Qty	Rate ₹	Amount ₹	Make / model
A	**Customer side of the bar** What guests see and sit at: the counter, the stools and the glass rack hanging above it.							
1	**Bar counter** The long island in the middle of the bar	2,200 × 750 × 1,040	Marble top, square end facing the door; onyx front edge-lit by an LED panel behind black mesh; black base; brass foot rail	nos	1			
2	**Bar stool, velvet high-back** In front of the counter, 600 mm apart		Seat height to suit the 1,040 mm counter	nos	4			
3	**Floating glass rack** Hangs from the slab above the counter	740 × 2,000	Brass frame on 4 black rods; lower tier at 2,300 mm for stemware hung upside down, upper tier at 2,580 mm for pints and highballs; warm LED strips	nos	1			
B	**Draught beer (taps, kegs and chiller)** Everything for the 3 craft taps. The taps are on top of the counter; the kegs and chiller are inside the counter at the door end, behind two louvred doors.							
4	**Beer font with 3 taps** On top of the counter, door end	Ø 90 × 420 high	One brass font, 3 taps; tap handles to the brewery brand. The brewery may lend this (get it in writing)	nos	1			
5	**Keg cabinet** Inside the counter, door end (bartender side)	1,100 × 630 × 900	Two louvred timber doors, because the chiller needs air; roll-out base for the kegs	nos	1			
6	**Keg 20 L with coupler** On the roll-out base in the keg cabinet	Ø 240 × 420	3 on tap, one per tap; supplied by the brewery	nos	3			
7	**Flash chiller** In the keg cabinet, beside the kegs	500 × 420 × 570	Self-contained, no outdoor unit, rated for room-temperature kegs in the tropics; chills the beer on its way to the taps	nos	1			
8	**Beer line, insulated** From the chiller up to the font		About 2 m with fittings	lot	1			
9	**CO_2 cylinder with regulator and chain** In the back-bar cabinet under the infusion jars (a different place from the kegs)	Ø 150 × 670	6 kg, chained upright, with a low vent grille	nos	1			
10	**Low CO_2 alarm** Low on the back-bar cabinet		CO_2 is heavier than air, so it sits near the floor	nos	1			
C	**Bartender work area (sink, ice well, speed rail, ice machine)** The stainless area behind the counter at the far end, where the bartender washes, scoops ice and keeps the speed-rail bottles.							

Area	Item and where it is	Size W × D × H (mm)	What it is / specification	Unit	Qty	Rate ₹	Amount ₹	Make / model
11	**Stainless work unit** Behind the counter, bartender side, far end	1,060 × 200 × 850	Holds the next three items; one continuous stainless unit	nos	1			
12	**Bar sink** Set into the work unit	380 long	Hot and cold tap, drains to the grey-water line	nos	1			
13	**Ice well** Set into the work unit, beside the sink	380 long	Insulated, with a drain	nos	1			
14	**Speed rail** Along the front of the work unit	1,060 long	Holds the everyday spirit bottles within reach	nos	1			
15	**Ice machine, under-counter** Under the counter beside the work unit	500 × 550 × 800	About 50 kg a day; filtered cold water and a drain	nos	1			
16	**Water filter for the ice machine and the glasswasher** Inside the cabinet next to the ice machine		Cartridge type; replace on schedule	set	1			
D	**Back bar (the wall behind the bartender)** The long unit along the left wall: cabinets below, display shelves and an onyx panel above.							
17	**Back bar run** Along the left wall, 2,650 mm long	2,650 × 400 × 960	Olive-wood doors and marble top; onyx panel from 960 to 2,380 mm with a sage panel above	m	2.65			
18	**Display shelves for whisky, gin and vodka** On the wall above the back bar	1,000 × 250	Two brass-edged tiers at 1,300 and 1,740 mm; backlit onyx panel behind	set	1			
19	**Infusion jars with a glass shelf** Door end of the back bar	600 long × 220	Glass shelf at 960 mm with 3 jars	set	1			
20	**Soju display and ON TAP board** Far end of the back bar, by the pillar		Size by the contractor; not drawn in the model	set	1			
21	**Wall TV with bracket** On the wall above the back bar, door end	1,140 × 620		nos	1			
22	**Neon sign "settle up here" and two red neon tubes** Over the POS nook; tubes on the back bar wall	900 × 200		set	1			
E	**Built-in section (glasswasher and drinks cooler)** A deeper stretch of the back bar opposite the bartender work area. The glasswasher and the cooler sit side by side in it.							
23	**Built-in cabinet for the glasswasher and cooler** Part of the back bar, 550 mm deep here	1,270 × 550 × 960	Bartender aisle is about 700 mm at this point	nos	1			
24	**Under-counter glasswasher** In the built-in cabinet, toward the far end	450 × 500 × 820	Drop-down door; hot and cold water and a drain	nos	1			
25	**Glass-door drinks cooler** In the built-in cabinet, toward the door	700 × 520 × 860	Lit; for mixers, water and soft drinks; state litres	nos	1			
F	**Cash and POS** At the door end of the back bar, where bills are settled.							
26	**POS nook** Recessed into the back bar, door end	480 × 400 × 960 to 1,350	Timber frame; room for tablet, card machine and receipt printer	nos	1			
27	**Cash drawer with small safe** Under the POS nook	400 × 240	Lockable	nos	1			
G	**Server station** On the left wall just past the back bar, two steps from the kitchen door.							
28	**Server station counter** Left wall, past the back bar	800 × 500 × 940	Black base, olive-wood doors, marble top	nos	1			
29	**Wall shelf over the station** Above the counter	800 × 300	At 1,600 and 1,950 mm, for glasses and cutlery	nos	2			
30	**Coffee batch brewer with 2 jugs** On the station counter		About 12 cups a batch; state make and model	nos	1			
31	**Water dispenser** On the station counter		Chilled and ambient	nos	1			
32	**Milk warmer** On the station counter		Small	nos	1			
H	**Services and loose items** Not a place on the plan: the power, water and drains the bar needs, the lighting, and things the bartender brings.							
33	**Power points** Across the bar and the station		Ice machine, glasswasher, cooler, flash chiller, POS, TV, neon, LED strips, coffee brewer, water dispenser; the chillers and POS on the power backup	nos	10			
34	**Water points with isolation valves** Bar sink, glasswasher, ice machine, coffee brewer		Hot and cold at the sink and glasswasher; filtered cold at the ice machine	nos	4			
35	**Drain points to the grey-water line** Bar sink, glasswasher, ice machine, ice well		Never to the biodigester	nos	4			
36	**Warm LED strips and downlights** Under both long sides of the counter; 4 over the marble		2,200 K	lot	1			
37	**Bar smallware** Bartender brings or buys		To the bar consultant's list: shakers, jiggers, strainers, muddlers, bar mats	lot	1			
38	**Glassware** Per the drinks menu		Pint, gose, whisky, highball, coupe, shot; see the crockery list (breweries often give branded pint glasses)	lot	1			

Quantities and sizes are the space available, from the model; the vendor measures on site and states make, model, kW or litres, price ex-GST, delivery, installation, lead time, warranty and who services it in Goa. The Goa excise licence and fire NOC come before any draught installation. Concept drawings for briefing suppliers, not construction drawings.
